April 2016

Contents

1	Executive Summary				
2	Static and dynamic description	3			
	2.1 Integrated static description	. 3			
	2.2 Dynamic description	. 3			
3	Static and dynamic model	4			
	3.1 Geological model	. 4			
	3.2 Flow Simulation model	. 4			
4	Reservoir Development scheme and predictions	5			
5	5 Wells and facilities design				
	5.1 Drilling and Production Facilites	. 6			
	5.2 Process Facilities	. 6			
6	Health Safety and Environment	7			
7	Technical uncertainity and risk management	8			
8	Schedule	9			
9	Economics	10			
10	0 Operating Plan				
Bi	Bibliography	11			

1 Executive Summary

- 2 Static and dynamic description
- 2 Integrated static description
- 2 Dynamic description

- 3 Static and dynamic model
- 3 Geological model
- 3 Flow Simulation model

4 Reservoir Development scheme and predictions

- 5 Wells and facilities design
- 5 Drilling and Production Facilites
- 5 Process Facilities

6 Health Safety and Environment

here is an example again [1]

7 Technical uncertainity and risk management

8 Schedule

9 Economics

10 Operating Plan
